

Anglican Prayer & Bible Study

Rose Garden and
University Neighborhoods

*Anglicanism is the Christian faith received
by England and planted in America*

We are starting a bible study based upon Anglican prayer books for University and Rose Garden areas. Would you like to read the Bible cover-to-cover? Do you want a regular prayer life? How about keeping stricter morals? The good of Christian fellowship and conversion?

Anglicanism is the oldest Evangelical religion in America, established more than four centuries past by members of the Church of England who settled the American colony of Virginia in 1607. Anglicanism is often marked by its use of Prayer Book, old Hymns,

Anglicanism is the oldest Evangelical religion in America, established more than four centuries past by members of the Church of England who settled the American colony of Virginia in 1607. Anglicanism is often marked by its use of Prayer Book, old Hymns,

and the King James Bible. As these books passed from the lecterns of British ministers to the saddlebags of American pioneers, they became powerful instruments that Christianized our land. Today, these same books remain excellent guides for prayer and family instruction.

We are neighbors who are looking for others curious about their history, identity, and faith as Americans influenced by the methods and customs of English Christianity. We'd like to start a local chapter that uses the same historical materials given by our British and American forbearers. We meet once a week for Evening Prayer, often including a short discussion with snack. Once a month we cook food for the homeless, plus other activities. We want to keep old pathways.

If you are curious about this kind of traditional and local ministry (or just have questions), please call the Bartlett family, Charles or Amanda (408-564-2435), or visit our website: [**Anglican-Prayer.com**](http://Anglican-Prayer.com)
